Human Resource Analytics

Lecture 05

Developing HR analytics unit and culture

Dr. Abhishek Singh

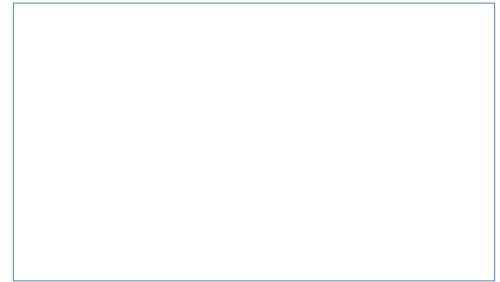

Faculty-Human Resource Management

XLRI-Jamshedpur

Content

- ☐ Need for HR analytics in organization
- ☐ Engage with stakeholder
- ☐ Complexity and impact matrix
- ☒ Assessing the complexity
- ☒ Assessing the Impact
- ☒ Building capabilities
- ☐ Configuring Team roles
- ☐ Partner for skills
- ☐ Establish an operating model

Need for HR analytics in organization

❖ Competitive advantage ✓

❖ Top management believe ✓

❖ Operational efficiency ✓

❖ Pressure to reduce the cost

R
S
T
D
P
C

Engage with stakeholder

- Stakeholders served (Business leaders, HR leaders and board of directors)
- Stakeholders depended upon (Data owners, technology owners and subject matter expert)
- Stakeholders impacted (Employees)

Complexity and impact matrix

Risk:

Assessing the complexity –

- Politics
- Skills
- Data
- Technology Implementation

Complex → High

↓
Low

HRIS → Raw Data

Assessing the Impact –

- Return on investment
- Timing
- Opportunity cost

Building capabilities

AP, Perlyx, 0

- **Know your data** (Number or text, Structured or Unstructured)
- **Know your technology** (HRIS, Statistical and Visualization technology)
- **Build the analytical team**
Six skills for success
 - **Business acumen** (Financial literacy, political astuteness, internal awareness, and external awareness)
 - **Consulting** (Problem definition, hypothesis development, Project management, Solution development, change management, stakeholder management)

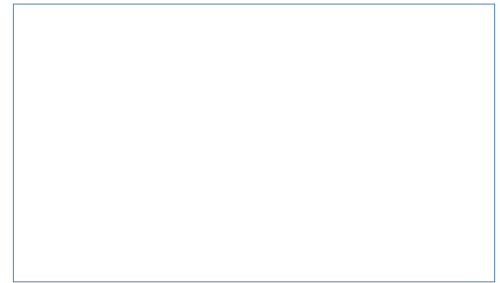

Building capabilities (CONTD.)

- **Human Resources** (HR sub-functions, HR interdependencies, International HR, Privacy and ethics)
- **Work Psychology** (Organizational Psychology, Research and design)
- **Data science** (Data awareness, qualitative and quantitative methods)
- **Communication** (Storytelling, Visualization, Writing, Presenting, and marketing)

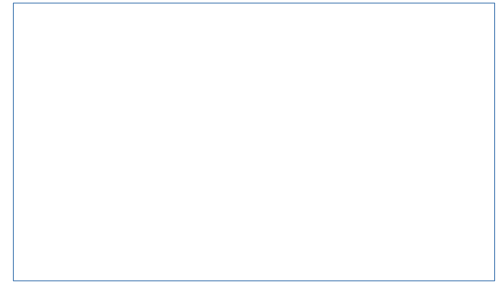

Configuring Team roles

- What projects should be delivered
- How many people do you need
- What skills do they have
- Hiring skilled worker

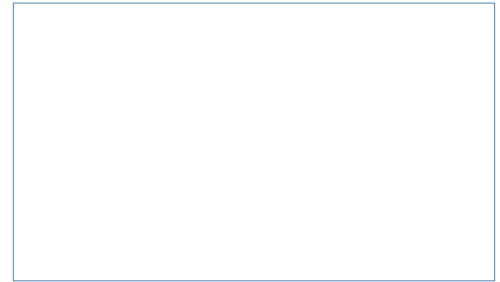

Partner for skills

- Understanding the in-house HR analytics skills
- Make strategy for outsourcing the skills

Establish an operating model

Strategy – Governance – Implementation – Accountability

Thank You
